Commissioner Carlton B. Moore  
Harry Stewart, City Attorney  
Jonda Joseph, City Clerk  
John Herbst, City Auditor

FROM: George Gretsas, City Manager *dd/ww*

VIA: Albert Carbon, Public Works Director *Albert*

SUBJECT: February 20, 2007 City Commission Conference Meeting Agenda;  
Presentation by Florida Department of Environmental Protection  
regarding Canal Classification

At the City Commission Conference meeting on February 6, 2007, the City Commission directed staff to invite Broward County representatives to the next Conference meeting to present information regarding the classification of canals.

Although County staff declined to participate due to the fact that they are not responsible for the State's classification system, staff was able to contact appropriate state officials.

Mr. Jerry Brooks, Deputy Director of the Department of Environmental Protection (DEP), Water Resources Management Division, will attend and speak to the issues at the February 20, 2007 City Commission Conference Meeting.

Confirmation of Mr. Brooks' availability came after the agenda-printing deadline.
